As a result of my Trollwood involvement I have learned...

I have learned so much as a result of my time at Trollwood. I have learned the importance of collaboration and the ability to work with a group of diverse people. I have learned how to balance having fun while still working incredibly hard.

I would tell someone who has never participated in Trollwood that...

They need to try it for one week. I guarantee that after one week at Trollwood, everyone can see the amount of love everyone has for Trollwood, and how much fun Trollwood can be.

Three of my most vivid Trollwood memories are...

- All of the sunrises after G&G Night - after a long and fun night, the calmness and the peacefulness of the sunrise while sitting with the whole cast was always my favorite morning of Trollwood
- The first performance of Cinderella - after being away for almost two years we were all so joyful and happy and electric onstage.
- My first music rehearsal for Hello, Dolly!. I was terrified as an 8th grader, but everyone was so inviting and welcoming and Eliza was so nice and fun and it was the moment when I realized that I wanted to do Trollwood for as long as I could.

My future plans are...

Studying Vocal Music Education at Concordia College in Moorhead
