**As a result of my Trollwood involvement I have learned...**

The value of a community. Trollwood gave me my best friends and an entire community of people who love and support me. It taught me that everything works better when you love and respect the people you're working alongside.

**I would tell someone who has never participated in Trollwood that...**

It is something that changes your life in ways I cannot describe. It feels like a home that's full of love and life, always waiting for you to come back.

**Three of my most vivid Trollwood memories are...**

- My first singthrough in "Hello, Dolly!" I was in awe that a group of people could sound that spectacular. It gave me goosebumps.
- The first G+G sunrise I attended. Everyone was silent and reflective after a crazy, fun night. It made me realize that the park has magic.
- When we finally \*got\* the waltz last year in Cinderella. It felt like we really connected as a unit and could float through the dance.
